Highway played Jal at 3:00 pm in District 5 at Carlsbad on February 27. They played Artesia at 2:00 pm in Carlsbad the next day. Highway also played Lingo in the District 6 tournament in Portales on February 27. I can't believe it was the same team, and certainly Highway couldn't have split its roster. I do not know the answer. CF

When only two players came back on the court after a time deadline given, the game was forfeited.** The Board of Control met prior to the state tournament to determine if Wheatland would be allowed to participate. Solon Newton, District 7 member of the Board of Control, was present and presented the facts. The issue was divided and they went into a closed session before allowing Wheatland in the tournament. I am sure that Coach Wells attempt to continue the game, weighed heavily on the Board's decision.
