## 1976

In 1976 Class AA divided into two classes. Class A included schools with less than 151 students. Class AA was for schools with 151-400 students. As a result of this change, the state media did not cover the small schools as well as the past. Many results were not recorded in the media. In Class AAA, a 5<sup>th</sup> district was added resulting in pre-playoffs. Pre-playoffs were a little different from regional tournaments in that two districts in Class AA (Rotating each year) would be involved rather than all districts. Districts 1 & 4 were selected first. The runner-up from District 1 traveled to the home of the Champion of District 4 and the runner-up from District 4 traveled to the home of the District 1 Champion. In 1983, these games were moved to the State tournament location and played on Wednesday, before the tournament started. They were not considered state tournament games.
